SIOGEL[®], WHITE

Date of issue: 22.11.2016

Revision date: 13.02.2023

Version/Replaced version: 5.0/4.1

Adverse physicochemical, human health and environmental effects

To our knowledge, the product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

2.2. Label elements

Labelling according to Regulation (EC) No. 1272/2008 [CLP]

According to Regulation (EC) No. 1272/2008 [CLP] labelling is not required

2.3. Other hazards

The substance is not included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

SECTION 3: Composition/information on ingredients

3.1. Substances

Manag	Due due of Internet/Com
CAS no	: 7631-86-9
EC no	: 231-545-4
Substance name	: Silicon dioxide

Name		Product identifier	%	Classification according to Regulation (EC) No. 1272/2008 [CLP]
Silicon dioxid	de	(CAS no) 7631-86-9	≥ 93	Not classified

	(EC no) 231-545-4 (Registration no) 01-2119379499-16-0083
3.2. Mixtures	
Not applicable	
SECTION 4: First aid m	easures
4.1. Description of first	aid measures
First-aid measures general	: Get medical advice/attention if you feel unwell. If possible show him this sheet. Failing this, show him the packaging or label. Never give anything by mouth to an unconscious person. Place the affected person in the recovery position.
First-aid measures after inhala	
First-aid measures after skin co	ontact : Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.
First-aid measures after eye co	 intact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
First-aid measures after ingest	ion : Rinse mouth. Drink plenty of water as a precaution.
4.2. Most important syn	nptoms and effects, both acute and delayed
Symptoms/injuries	: Not expected to present a significant hazard under anticipated conditions of normal use.
4.3. Indication of any im	mediate medical attention and special treatment needed
Treat symptomatically.	
SECTION 5: Firefightin	n measures
5.1. Extinguishing medi	-
Suitable extinguishing media	 Adapt extinguishing agents to the environment. Carbon dioxide. Dry extinguishing powder. Water spray. For a significant fire: Alcohol resistant foam.
Unsuitable extinguishing media	
5.2. Special hazards ari	sing from the substance or mixture
Fire hazard	: The product itself does not burn.
5.3. Advice for firefighte	ers
Firefighting instructions	: Use water spray or fog for cooling exposed containers. Prevent fire-fighting water from entering environment.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 6: Accidental	release measures
6.1. Personal precaution	ns, protective equipment and emergency procedures
General measures	: Provide adequate ventilation. Do not breathe dust. Avoid dust formation.
6.1.1. For non-emergency Emergency procedures	r personnel : Evacuate the danger area.
6.1.2. For emergency resp Protective equipment	 bonders Use personal protective equipment as required. In case of inadequate ventilation wear respiratory protection. For further information refer to section 8: "Exposure controls/personal protection".
6.2. Environmental prec Prevent entry to sewers and pu	
6.3. Methods and mater	ial for containment and cleaning up
Methods for cleaning up	On land, sweep or shovel into suitable containers. Take up mechanically (sweeping, shovelling) and collect in suitable container for disposal. Dispose of in accordance with relevant local regulations.
6.4. Reference to other	sections e equipment to use, see section 8. Concerning disposal elimination after cleaning, see section 13.

SECTION 7: Handling and storage Precautions for safe handling 7.1. Precautions for safe handling : Ensure good ventilation of the work station. Avoid dust formation. Do not breathe dust. Wear personal protective equipment Hygiene measures : Handle in accordance with good industrial hygiene and safety procedures. When using do not eat, drink or smoke. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. 7.2. Conditions for safe storage, including any incompatibilities Store in original container. Keep container tightly closed. Store in a dry, cool and well-Storage conditions : ventilated place. Keep out of direct sunlight. Keep container closed when not in use. Prohibitions on mixed storage : Keep away from food, drink and animal feedingstuffs. 7.3. Specific end use(s) No additional information available **SECTION 8: Exposure controls/personal protection** 8.1. **Control parameters** Silicon dioxide (7631-86-9) Ireland Local name Silica, amorphous Ireland OEL (8 hours ref) (mg/m³) 6 mg/m³ (total inhalable dust) 2.4 mg/m³ (respirable dust) United Kingdom Local name Silica, amorphous United Kingdom WEL TWA (mg/m³) 6 mg/m³ (inhalable dust) 2.4 mg/m³ (respirable dust) 8.2. **Exposure controls** Appropriate engineering controls : Provide local exhaust or general room ventilation to minimize exposure to dust. Hand protection Not required. In case needed, wear suitable gloves (EN 374). Nitrile rubber. The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed Eye protection : Not required. In case needed, wear safety glasses (EN 166). : Not required. In case needed, wear suitable protective clothing. Skin and body protection : No respiratory protection needed under normal use conditions. If the occupational exposure Respiratory protection limit is exceeded or dust production: dust mask with filter type P1 (EN 143). : Avoid release to the environment. Environmental exposure controls **SECTION 9: Physical and chemical properties** 9.1. Information on basic physical and chemical properties Physical state : Solid, granules/beads : White Colour Odour : Odourless Melting point/freezing point · > 1700 °C Boiling point or initial boiling point and boiling : No data available range Flammability : No data available Lower and upper explosion limit : Not applicable Flash point : Not applicable Auto-ignition temperature : Not applicable
